In a recent paper I have given the final results of this stupendous fraud, and here it is not necessary to recapitulate them. As some other and more convenient time I will give the history of the Natchez settlement, and that of some of those remarks ble men who founded it—their abilities their daring and the great object they accomplished. To the gentlemen who have requested this bit of history, I will say it is but a skatch and meant as such, but in what is here written they may see the bases appn which Burr built his hopes of success in the daring of his infamous enterprises in the daring of his infamous enterprises; in the da

A Pastor Made Happy.

I have been greatly troubled with my kidneys and liver over twenty years, and during that entire time I was never free from pain. My medical bills were enormous, and I visited both the Hot and White Springs, noted for the curative qualities of the water. I am happy to say I am now a well man, and entirely as the result of Warner's Safe Kidney and Liver Cure. With such glorious results I am only too glad to testify regarding the remedy which has made me so happy.

"The first conference I think which took any steps in the matter was the North Georgia conference, at Rome, in December, 1899. A bhard of trustees composed of six laymen and six minsters was appointed and charged with the duty of providing for the helpless orphans and were expected to purchase projectly for that purpose. Dr. Boring was appointed general agent by Bishop Dobgett, and he began his work, meeting with very considerable success and davor among the people. The only mistake which was made was in taking subscriptions on long time instead of the cash which the people were willing to pay. Many of our citizens, are familiar with the particulars of the romantic elopement of young Mr. Schmeli and little Miss Posey, and deep down in the hearts of hundreds a sincere prayer is breathed for their future happiness and prosperity. Although their honey moon will be somewhat clouded with the recollections of the trials through which they have just passed, at the same time the rosy future which looms up before them with all the beauty and glory of a summer sunrise will make their hearts light and gladsome. Now that the matter is settled, and the young lovers are forever beyond the reach of city officials, the details of the causes which led to an amicable settlement of the difficulties should be given to the public. Headache.

My daughter, seventeen years of age, has been afflicted with a most distressing pain in the head which attacked her with great violence at intervals of one to three weeks. I have tried the best medical skill for two years, but all in vain. A friend hearing of her condition presented her with a bottle of your Neurotic, and, to my astonishment, the very first application gave perfect relief in a few minutes, and there seems to be no probability of a return of the attack. I look upon it as the greatest remedy for pain that has ever been given to suffering humanity, and I write this in the hope that some afflicted fellow being may be induced to try it.
